Town Warrant

THE STATE OF NEW HAMPSHIRE

[L. S.]

To the Inhabitants of the Town of Brentwood in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Brentwood on Tuesday, the tenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To see if the Town will vote to apply for State Aid and make appropriation for the same.
4. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to grade the South Road between John Stevens' residence and the School House bridge.
5. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to grade the North Road between the residence of Herbert Gile and Burton Sanborn's house.

6. To see if the Town will vote to purchase a small road grader and make appropriation for the same.

7. To see if the Town will vote to raise and appropriate a sum not to exceed \$300.00 to meet the income necessary to secure electric line from Crawley's to Pickpocket, said sum not to be used unless needed to secure the line.

8. To see if the Town will vote to raise and appropriate the sum of \$500.00 to repair the bridges at Crawley's Falls and West Brentwood.

Given under our hands and seal, this fourteenth day of February, in the year of our Lord, nineteen hundred and thirty-one.

LeROY M. LAKE,
JOHN F. SWASEY,
G. RUSSELL ROWE,

Selectmen of Brentwood.

A true copy of Warrant—Attest:

LeROY M. LAKE,
JOHN F. SWASEY,
G. RUSSELL ROWE,

Selectmen of Brentwood.

Budget of the Town of Brentwood, N. H.

School Warrant

STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Brentwood qualified to vote in district affairs:

You are hereby notified to meet at Town Hall, in said district on March 7, 1931, at two o'clock in the afternoon, to act upon the following subjects:

- 1—To choose a moderator for the ensuing year.
- 2—To choose a clerk for the ensuing year.
- 3—To choose a treasurer for the ensuing year.
- 4—To choose a member of the school board for the ensuing three years.
- 5—To fill any other vacancies on the school board.
- 6—To hear reports of agents, auditors, committees, or other officers chosen, and pass any vote relating thereto.
- 7—To see what alterations, if any, the district will vote in the the school board report of money needed for educational purposes during the ensuing fiscal year, and to see if the district will vote to raise the amounts as then called for therein.

SCHOOL REPORT

8—To choose agents, auditors, and committees in relation to any subject embraced in the warrant.

9—To transact any other business which may come before said meeting.

Given under our hands this 31st day of January, 1931.

NELLIE G. LAKE,
CORNELIA R. PIKE,
JOHN F. SWASEY,

School Board of Brentwood.

CHARLES B. SNYDER,
Treasurer.

Superintendent's Report

To the School Board and Citizens of Brentwood :

I am herewith privileged to present my second annual report as Superintendent of Schools.

Your Schools

The mass of your citizens want good schools. They want every child in your town to have an equal chance with every other child of New Hampshire and other states. Good schools and fair chance are inseparable. As parents you wish adequate schooling for your children, because of the fact that if you have been educated you appreciate its value, and if you have not, you are conscious of its loss. Your desire is that the children shall have sufficient training to meet future requirements.

But what of these requirements? It is difficult to foresee what they may be. Because of rapidly changing standards, people are confronted with situations that could not have been foreseen a decade ago. In farming, in industry and in business, as well as in the profession of teaching, we find more exacting demands. It is reasonable to predict that requirements in all such lines will continue to be raised. Such is progress.

These changing situations have taxed and challenged the ingenuity of the schools. They have given an accounting. They have demonstrated the wisdom of the investment. If the schools were faced with the task of educating for today alone it would

be a sufficiently difficult undertaking. They have the added responsibility of educating for tomorrow.

It is gratifying to state that you have provided, and will continue to provide schools adequate to meet the demands. The youth are your greatest assets. You should weigh carefully each problem in the light of the changed situation and determine the really economic procedure to adopt. We hear many times in the course of the year "Every advantage is none too good for the children."

The New Program of Studies

To meet the progress in education and life, considerable time has been expended by a large group of prominent educational leaders to revise the program for New Hampshire's Schools. The product of their labors is now available and in use. In the main it is fundamentally much of the former program. The new has revised and expanded the old to provide more and better helps for teachers in carrying out their work. Furthermore it has been framed more adequately to meet the needs of New Hampshire's children in the light of present day conditions. The program itself is but a shell. The expansion of it in the teaching process is the essential item. Through its use we are of the earnest opinion that the children will be benefitted and a nearer approach made to the millenium-perfect education. Never do we believe this goal can be reached but our goal must be high lest we reach under too low a standard.

School Costs

Good schools involve costs. Some say we cannot afford them. Is this true?

We have in mind a man, the head of a family. He has annual bills of \$500 for automobile depreciation, operation and repairs and \$220 for luxuries such as candy, ice cream, theatres, and tobacco. This man, you will agree, was pretty well off.

How much should he be willing to pay for the schooling of his children? If he expended \$90 a year for this purpose, would he be giving education too high a place in his scale of values?

Answer these questions as you will. The man described above is really the State of New Hampshire. If you will take the preceding figures and add five zeros to them you will have what New Hampshire pays for these three items of expenditure:

Passenger automobiles	\$50,000,000.
Certain luxuries	22,000,000.
Public education	9,000,000.

It is true that many families are not as well off as the one described above. Not all families are able to spend the \$500 for automobiles or \$220 for luxuries. But neither do most families pay as much luxuries. But neither do most families pay nearly as much as \$90 a year for the schooling of their children. Speaking in averages, if a family spends less for the first two items, it spends proportionately less for education. It is the proportion which counts, not the actual amounts spent.

Assume any kind of a family you wish. Take the figures given above and make your own divisions. You will find out that on the average, every time New Hampshire spends a dollar for schools the people of the state spend \$5.55 for passenger automobiles and \$2.44 for a few of our luxuries. Does the cost of schools indicate that New Hamp-

shire placed education too high in the scale of values? The same comparisons might be made with income and like results obtained.

Local costs in comparison with other districts offer valuable information. The following table shows the costs, to the districts only, of the elementary schools of four state-aided and four non-aided districts chosen at random.

	Per \$1000 of equalized valuation	Per pupil Average
Brentwood	5.19	69.24
Windham	5.60	116.26
Boscawen	6.23	85.95
Gilsum	7.39	87.09
Nashua	5.14	81.14
Tilton-Northfield	5.26	77.14
Nelson	5.43	90.78
Derry special	5.44	103.54

These costs all cover the same items and you must note Brentwood's favorable position in the tabulations. The first four towns given have the same number of teachers and about the same valuation but the others are larger and more wealthy districts. This is given to show that Brentwood is expending no more than others in accordance with its valuation.

Tables

Kindly examine the tables which follow. They will give you in statistical form much of the data collected during the last school year. In the attendance statistics, you will note desirable advances made in attendance and tardiness over the record of the previous year. The state average last year was 95.5%. You have not quite reached this figure. With your cooperation could we not make this our

goal for the present year? I am pleased to call your attention to a large cut in the tardiness report. It is still too large and should be brought to a lower figure.

I am very grateful for your loyal and warm support of the schools. Your continued interest and help is a good omen of future gains and progress in beneficial public schools.

Very respectfully submitted,

HAROLD C. BOWLEY,
Superintendent of Schools.

Epping, N. H., Feb. 5, 1931.
